## OUR CATERING

Is it fancy... **No**. Is it delicious honest food made with love... **YES!**

When Captain Dean first started his Charter business in 2014 he was shocked by the amount of waste and rubbish created by the industry. In an effort to reduce our waste all BAREFOOT boats recycle and avoid single use items like plastic plates and cups. All vessels have reusable cups and glasses on offer.

So with this in mind we have created catering options that cause minimal waste and impact on the environment while being insanely delicious! Cheese and fruit boards are created on reusable bamboo platters fresh aboard your boat by the crew. our slowcooked beef, pork and vegetarian rolls require no plastic plate or cutlery. No fuss or food mess on the floor and you can get back to swimming and dancing knowing your munching your way to a better planet.

We hope you enjoy your cruise with us.
