1 hour = \$27pp

2 hours = \$37pp

CONSUMPTION & CASH BAR

FYI on Cash/Consumption Bar:

Cash Bar/ PAYG Bar

Guests are required to pay for their own drinks on the night. This process can be time-consuming with only one staff member handling both drink preparation and payments. To reduce wait times and enhance the guest experience, we need to add a second staff member at an additional cost of \$300. This ensures two staff members are available to serve drinks and process payments efficiently.

Please note: A minimum spend applies to the cash bar. If the minimum is not met by the end of the event, the

organiser is responsible for covering the shortfall.

Consumption Bar / Bar Tab

With a Consumption Bar (also known as a Bar Tab), the organiser covers the cost of all drinks. Drinks are recorded on a consumption sheet throughout the event and the final amount is settled at the end of the charter, once the bar closes.

No additional staffing fee is required, as there are no individual payments to process, and one staff member is generally sufficient for service. A minimum spend is set in advance and must be paid prior to the event within the final invoice. If the final drink total exceeds this amount, the organiser will pay the difference at the end of the charter prior to disembarking the vessel.
